### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicants Representative, Mr. Joseph Ryan, on January 24, 2007.

The application has been amended as follows:

Regarding claim 20, in line 1, change "machine-readable" to "computer-readable"

***Allowable Subject Matter***

1. Claims 1-20 are allowed over prior art.
2. The following is an examiner's statement of reasons for allowance: As indicated in the previous office action claims 1-5 and 15-20 contain allowable subject matter, claims 8, 9 and 12-14 contain allowable subject matter, and claims 6, 7, 10 and 11 claim are rejected. Applicant has amended previously rejected claims 6, 7, 10 and 11 and previously objected to claims to depend on previously indicated allowable claim 1. Applicant has further amended previously objected claim 8, 12 and 13 to read as independent claims.

Although the prior art discloses utilizing scheduling in a communication system, wherein time slots are managed by a time slot table, they fail to teach or suggest with respect to claim 1, 19 and 20, transmission timeslot storing identifiers of at least two of the transmission elements that have generated colliding requests to transmit respective data blocks in the corresponding timeslot, with respect to claim 8, in the event of a collision between multiple transmission elements requesting a given one of the time slots an identifier of a first one of the requesting transmission elements is entered into a first portion of the corresponding location in the time slot table, an identifier of a final one of the requesting elements is entered into a second portion of the corresponding location in the time slot table, and an additional one of the requesting elements is linked to at least one of the identifier of the first requesting element and the identifier of the second requesting element, thereby creating a linked list of the multiple requesting elements for the corresponding location in the time slot table, and with respect to claim 12, pointer defining a dynamic waiting room for at least a subset of multiple requesting transmission, with respect to 13, specifying the number of times a set of one or more of the multiple requesting transmission placed in one or more linked list.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Prenell P. Jones whose telephone number is 571-272-3180. The examiner can normally be reached on 9:00-5:30.
